

TEAM TECHNO-FI

Where Science meets Technology.....

DEAR SIR/MA'AM,

As the power of science within us is taking over the world with technology as its weapon of change, We Peterians plan to provide support to this revolution ,in keeping with this ideal we are back again with our annual science and computer fest-“TECHNO-FI 9.0 ver.” To be held on 25th July 2024.

For the last 9 years we have been organizing this great event in the campus of St. Peter's College, Agra and it has always been a grand success. It is an inter-state fest engulfing various States of India, with more than 24 schools participating in it and a total gathering of 1200 students, teachers, guardians, guest invites, school staff and other dignitaries. The whole event is graced by some eminent personalities of the state UP as the chief guest of the event and is organized under the able guidance of our Principal.

The event has therefore provided advertisement opportunities to organizations like yours as they have found their target audience at a unified place. Every year for the successful completion of the event, we try to enlist support from firms and companies to act as sponsors and provide us with the necessary support. Last year our title sponsor was Arvee academy, who along with other sponsors gave us a positive feedback regarding TECHNO-FI.

So this letter is intended to provide you with the necessary information for your sponsorship to this event as per given criteria ahead. Your banners/posters/hangings can be displayed prominently at the venue and of course will reach a much larger audience through print and social media. We hope that we can count on your help for making this year's event the best of our yet!

Thank you in advance for your sponsorship. We hope to see you at “TECHNO-FI 9.0”.
Sincerely,

Mentor
Science Club

Mentor
Computer Club
